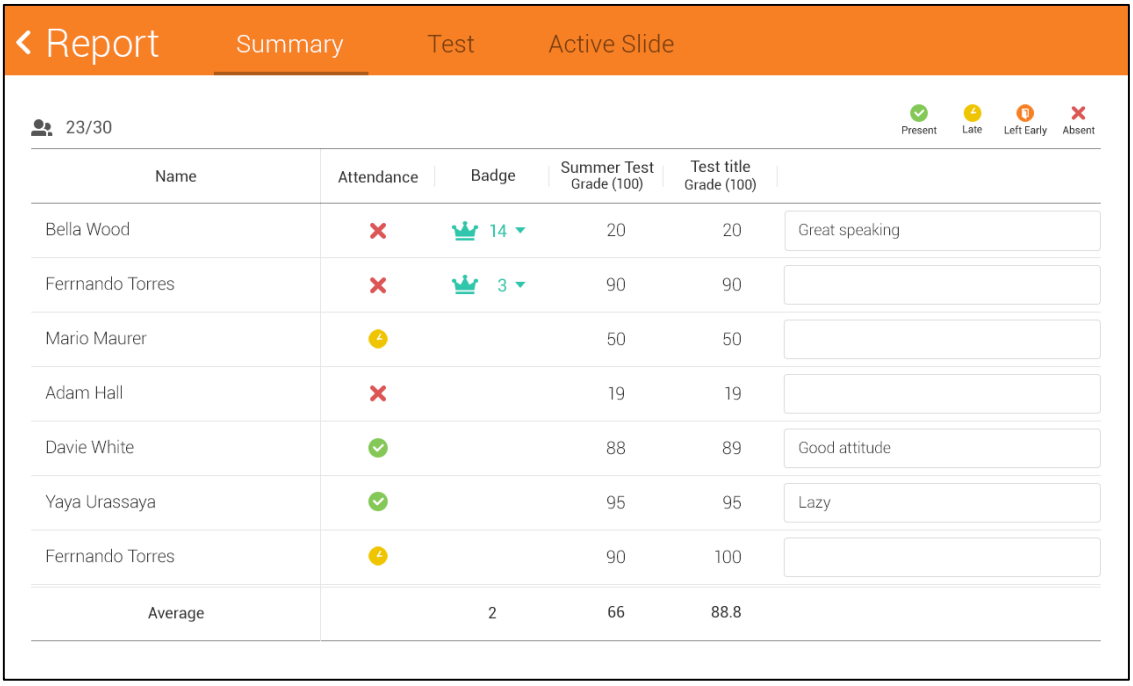
Loudclass

Student Assessment and Attendance

At the end of the Session, student assessment and attendance from the Active Slides and Test Slides can be seen in the Report tab. A detailed report can be viewed by selecting each Session. Badges can be seen, feedback can be changed, and notes can be created as well.

Summary

Student attendance, badge history, and an overview of the Active Slide and Test Slide scores can be viewed. Notes can also be written about students.



Name	Attendance	Badge	Summer Test Grade (100)	Test title Grade (100)	
Bella Wood	✗	14	20	20	Great speaking
Ferrnando Torres	✗	3	90	90	
Mario Maurer	Late		50	50	
Adam Hall	✗		19	19	
Davie White	Present		88	89	Good attitude
Yaya Urassaya	Present		95	95	Lazy
Ferrnando Torres	Late		90	100	
Average		2	66	88.8	

Test Slide and Active Slide Results

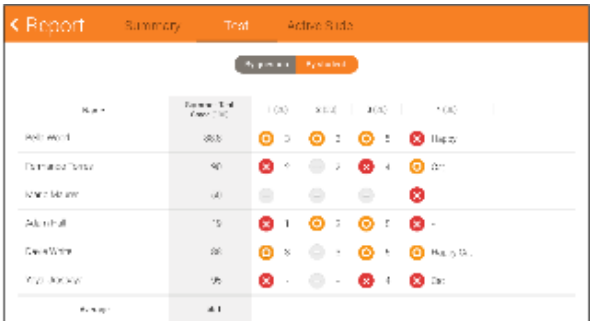
The overall results of the Test Slide and Active Slide can be organized by question or by student.

- By question

The report shows student participation, percentage of correct answers, and the correct answers. If Test Slide and Active Slide were utilized in the same Session, the results of each can be seen by tapping on the “Test” or “Active Slide” tab. Tap the Question number to open the question.

- By Student

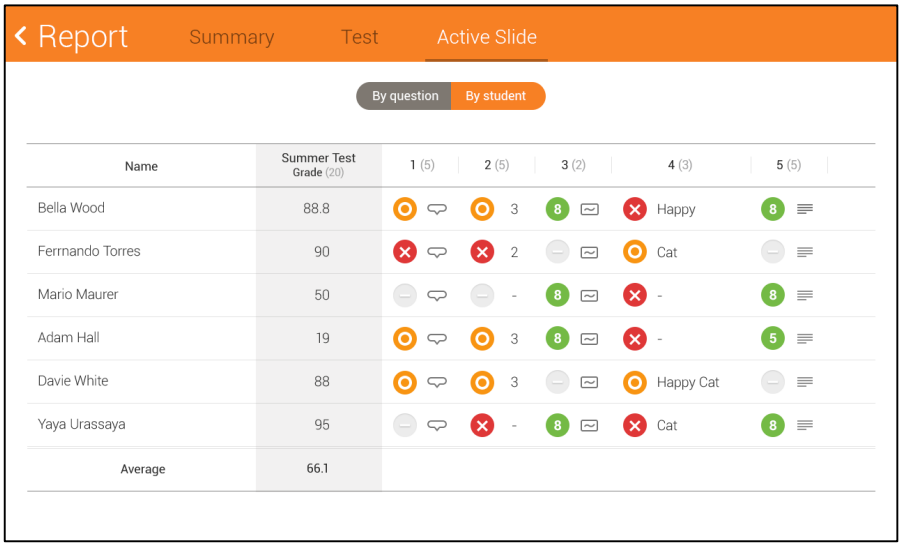
The report shows the question result and students’ answers. If Test Slide and Active Slide were utilized in the same Session, the results of each can be seen by tapping on the “Test” or “Active Slide” tab. By default, the scores are inputted automatically (depending on the answers set while making the slide). If needed, scores can be changed manually.



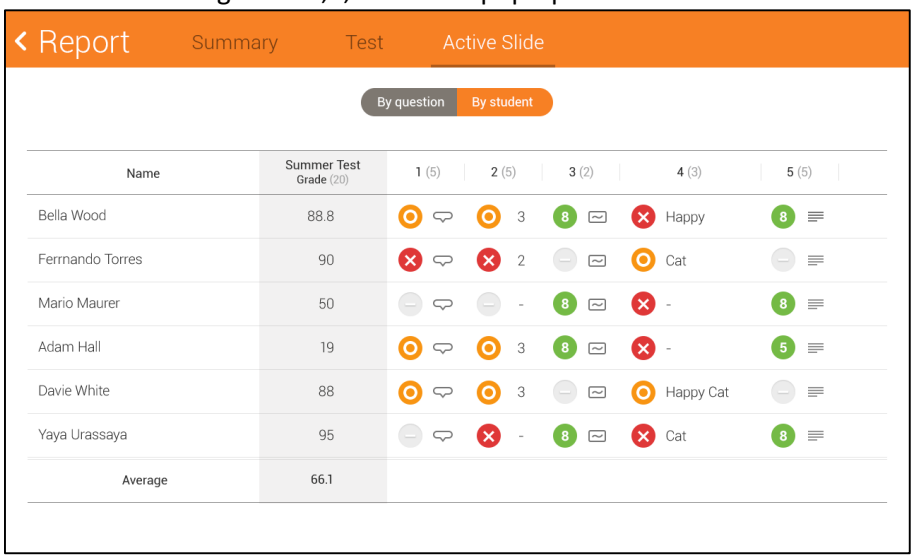
Check and Change Scores

The answer changes depending on the question type.

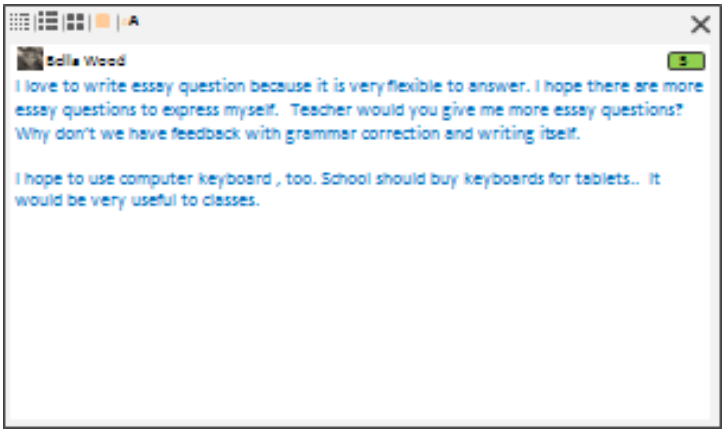
- Multiple Choice/Map



- Short Answer: The answer results will show as an O, X, or -. Change the result by pressing the result and choosing from O,X,or – in the pop-up menu.



- Essay-type Answer: Pressing the essay-type icon will show all students' responses. Display the students' responses one-by-one to view the entire response. Press the score button to enter a score.

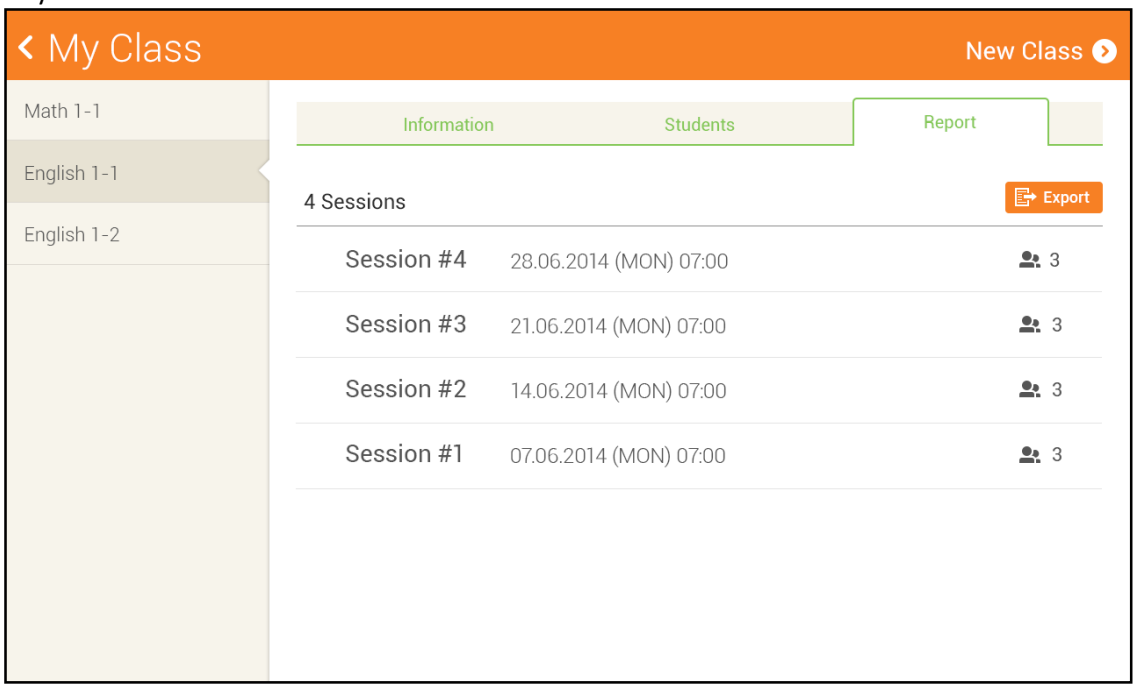


- Drag & Drop: Pressing the drag & drop type icon will show all students' responses. Press the score button to enter a score of O, X, or -.

- Drawing: Pressing the drawing-type icon will show all students' responses. Display the students' responses one-by-one to view the entire response. Press the feedback button to enter a score.

Important: When the scoring changes, all students who have the same response will get the same score.

Tip: scores for answers set during slide creation can be changed. The scoring changes in real-time and is reflected in the report.

Downloading Reports


From My Class, go to the Report tab. Press the Export button to export an excel file of the class history.
